Subject - Arrears of water charges due from the M & S M Railway, Co Ltd , for the supply of water to the City Railway Station amounting to Rs 17,408/-

---

With reference to your Memo No 7504 dated 10th February 193[illegible] I have the honour to state that it is sufficiently explained in previous correspondence and lastly in letter No Pol 450 dated 18th October 1937 from the Secretary Local Self Government addressed to the Secretary to the Hon'ble the Resident in Mysore, Bangalore, copy forwarded to this office in your No 5093 dated 26th November 1937, that the arrears are claimed on correct basis and that they have therefore to be paid as claimed by this office The view taken by the Agent, M & S M Railway Co , Ltd , Madras that the claim is not valid on account of lapse of nearly 13 years cannot be accepted as there is no time limit for the recovery of Government dues

The present claim is only for the balance of amount that is recoverable from the Company after allowing the correct aggregate free allowance for only those quarters that are entitled for the free allowance instead of on all the quarters in the premises as was allowed by mistake before The Company has taken for purposes of calculating the free allowance, all the buildings as eligible for free allowance ignoring the fact that the free allowance would be allowed only in respect of buildings classed as "Domestic" while those classed as "Non-domestic" are not entitled to free allowance and are to pay for all water drawn at Re 1/- per 1,000 gallons So the Company's contention is not tenable

As the claim is made on correct basis, there seems to be no justification to waive the claim and this question requires to be pursued in earnestness

Letter from the Agent and General Manager, The Madras and Southern Mahratta Railway Co Ltd , Park Town, Madras No M 279 A/20/266, dated the 28th October 1939

Water supply to the Railway premises at Bangalore City

Further to my letter No M 279 A/20/264, dated the 11th October 1939, I have the honour to state that the practice was for this Railway to pay for water consumed by all buildings at Bangalore City in the first instance and to debit the Mysore State Railway with their share under clause 3(a) of the Bangalore City Joint Station Agreement which admits of such a recovery

2 The claim for arrears of excess water charges now received from the Mysore Government for the years 1921 to 1934 should therefore be treated in the same way

3 This Railway is prepared to pay the arrear claim if the Mysore Government will instruct the Mysore State Railway to agree to the recovery of their share
